

DOGMASTERY INC PRESENTS

Katia

vom Mutigen Zwinger

Overall Disposition

Katia is our spicy little tajin female - there's always one! She is super lovable, enjoys cuddles, swimming and rides comfortably in the car outside the crate. A little fireball who only wants to please her handler and hang out with you on your daily excursions. She is incredibly intelligent, biddable and observant of her surroundings and has been introduced to cats, rabbits and livestock. A puppy with very balanced drives, lots of personality and a wonderful disposition. One of our favorites in the litter, she was the first one to master the commands "sit", "speak" and "touch" on the Klimb pad at 5 weeks! A young girl that has no ceiling when it comes to training and who exhibits full calm gripping and holding behavior.

Health & Genetics

Katia is AKC registered, up to date on all of her shots and left the vet with a clean bill of health! Her parents are Clea z Kokesova Dvora IGP 1 (HD-Excellent, ED-0) and no long hair gene while SG Buddy vom Patalia is also - IGPI, Breed Surveyed, (HD-Normal, ED-Normal) and no long hair gene.
