

DOGMASTERY INC PRESENTS

Austin Cerna Maska

Overall Disposition

Austin is a sable male with outstanding performance abilities and rock-solid temperament. A young dog that exhibits true enjoyment for all 3 phases of the sport with very good character, coupled with strong working attributes. He looks forward to daily activities such as ball play, swimming, hiking and power walking, but his true love is obedience and protection.

Health & Genetics

Austin is AKC registered and up to date on all of his shots. His preliminary hips, elbows, and spine have been x-rayed, and results show no abnormalities. He left the vet with a clean bill of health! His parents are Teresa z Lomeckého Polesí IGP 1 (HD-normal, ED-normal) DM N/N and no long hair gene and SG Apollo Goperland IGP2, (HD-Normal, ED-Normal, LV-O) and no long hair gene.

Obedience

Austin is currently enrolled in our sport/advanced obedience course that covers the following on/off-leash commands: sit, sit/stay, down, down/stay, heel and recall (come) no matter the variables. He understands the following behavioral commands: wait, off, no begging (table manners) and your bed. He's approximately 3 weeks from formally completing the advanced portion of this Program. Upon completion, he will be prepared to obtain his BH-VT, and CGC, CGC-A, and CGC-U. Austin displays naturally protective instincts and exhibits the steadiness necessary to perform under volatile situations. Austin rides comfortably in the car, and has been a passenger on an Embraer Praetor 500, A/C Transit, BART, and on the water via boat. An avid swimmer and natural retriever with an off-switch when inside the home.
